Preface	ix
Executive Summary	xi
1. INTRODUCTORY PRESENTATIONS	1
1.1 Statement of the Director-General of the Food and Agriculture Organization of the United Nations (FAO) <i>C. H. Bonte-Friedheim</i>	3
1.2 Agricultural development and plant biotechnologies <i>L. Brader</i>	9
1.3 Statement of the Director of the Technical Centre for Agricultural and Rural Co-operation (CTA) <i>D. Assoumou Mba</i>	15
1.4 Organization and aims of the symposium <i>R. Delleré</i>	19
2. KEYNOTE ADDRESSES	21
2.1 Biotechnologies and developing countries: Present and future <i>A. Sasson</i>	23
2.2 Technical aspects of plant biotechnologies <i>Y. Demarly</i>	47
2.3 Molecular and cell biology applications to plant breeding <i>F. Salamini, D. Bartels and C. Gebhardt</i>	59
2.4 Development of new crops using recombinant DNA technology <i>G. Van Den Eede and M. Van Montagu</i>	77
2.5 Plant biotechnologies in developing countries: The plant breeder's perspective <i>R. Riley</i>	85

2.6	The impact of plant biotechnologies on developing countries <i>B. Touré</i>	95
2.7	The socioeconomic impact of biotechnologies on developing countries <i>F. H. Buttel</i>	101
3.	CURRENT STATUS OF PLANT BIOTECHNOLOGIES IN DEVELOPING COUNTRIES	119
3.1	Plant biotechnologies in sub-Saharan Africa today <i>R. Massala</i>	121
3.2	Current status of plant biotechnologies in the Near East and North Africa <i>I. Y. Hamdan</i>	131
3.3	Current status and future prospects of plant biotechnologies in developing countries in Asia <i>R. B. Singh</i>	141
3.4	Current status of plant biotechnologies in Latin America and the Caribbean <i>H. Chaverra</i>	163
3.5	Report on agricultural biotechnology opportunities for international development <i>G. J. Persley</i>	173
4.	WORKSHOP RESOURCE PAPERS	177
	Plant protection and the identification of pathogens	179
4.1	Application of plant biotechnology to plant protection in developing countries <i>T. Kajiwara</i>	181
4.2	Biotechnology and plant protection against insect pests <i>D. Boulter</i>	191
	Cereals	197
4.3	Plant improvement of cereals: Maize <i>M. Motto</i>	199
4.4	Plant improvement of cereals: Rice and wheat <i>E. C. Cocking</i>	209

Roots, tubers, plantains and bananas	213
4.5 Cassava production and utilization problems and their biotechnological solutions <i>W. M. Roca</i>	215
4.6 Biotechnological techniques applied to potato and sweet potato improvement for developing countries <i>J. H. Dodds</i>	221
4.7 Biotechnologies for yam <i>L. Degras</i>	229
4.8 Some aspects of the <i>in vitro</i> culture of aroids <i>L. Degras</i>	235
4.9 Biotechnologies for banana and plantain <i>C. Teisson and E. De Langhe</i>	241
Coffee, cocoa, tea, multipurpose trees, fruit trees and palms	245
4.10 Advances in tissue culture methods applied to coffee and cocoa <i>V. M. Villalobos</i>	247
4.11 The application of biotechnologies to tea <i>R. Singh and S. M. Jain</i>	251
4.12 The relevance of biotechnology to forestry in developing countries <i>F. T. Ledig</i>	255
4.13 Biotechnology and the genetic improvement of trees <i>A. Franclet</i>	263
4.14 Current status of citrus biotechnologies <i>N. Durán-Vila and L. Navarro</i>	279
4.15 Date-palm: Application of <i>in vitro</i> culture for micropropagation and the fight against <i>Fusarium oxysporum</i> <i>A. Benbadis</i>	289
Legumes, vegetables and oilseed crops	293
4.16 The potential role of biotechnology in the improvement of <i>Phaeolus</i> beans <i>W. M. Roca, L. C. Muñoz, P. Chavarriaga and H. Ramirez</i>	295
4.17 The application of biotechnologies to vegetables <i>M. Rives</i>	301

4.18	The application of biotechnologies to groundnut, <i>Arachis hypogaea</i> L., with special reference to developing countries <i>J. P. Moss, A. K. Singh, D. C. Sastri, X. Zhang and D. V. R. Reddy</i>	307
5.	PANEL SESSION PAPER	313
5.1	The role of the private sector in transferring plant biotechnology to the developing world <i>C. James</i>	315
6.	WORKSHOP RESULTS AND RECOMMENDATIONS, AND PROPOSED FOLLOW-UP ACTION	323
7.	CLOSING STATEMENTS	341
7.1	Statement on behalf of the participants from African countries <i>N. K. Olembo</i>	343
7.2	Statement on behalf of the participants from Latin American and Caribbean countries <i>R. Quintero-Ramírez</i>	345
7.3	Statement on behalf of the participants from Asian countries <i>S. Sastrapradja</i>	347
	Appendix: List of Participants	349
	Index	363
