

TABLE OF CONTENTS

BUSINESS FORUM

MANAGEMENT STRATEGIES - PART 1

Financing Growth	David Wheat The Boston Capital Group	1
Seed - The Delivery System for Plant Biotechnology	George H. Kidd L. William Teweles and Co.	8
Evaluating Large Company Investment in Biotechnology	Merrill Douglas Cates Eastman Kodak Company	11
Strategic Options in AgBiotechnology	Richard Laster DNA Plant Technology Corporation	20

MANAGEMENT STRATEGIES - PART 2

Accessing International Corporate Partners and Foreign Venture Capital	Joel S. Marcus Pettit & Martin	27
Agri-Diagnostics Associates - A New Venture From Strategic Plan To Commercial Products	E.B. (Steve) Banegas Agri-Diagnostics Associates	34
Managing Biotechnology Products to the Marketplace	James L. Herbert Neogen Corporation	41

CASE STUDIES

Getting to the Field: Obtaining Government Approval and Community Acceptance for Biotechnology Field Tests	David J. Glass, Ph.D. BioTechnica Agriculture, Inc.	44
M-One [®] Insecticide - A Case Study in the Successful Registration of a New Biological Product	Joseph D. Panetta Mycogen Corporation	50

Obtaining Regulatory Approval to Field Test Genetically Engineered Plants in the United States	Frank Serdy, Ph.D. Monsanto Agricultural Company	57
---	---	----

TESTING FOR REGISTERING MICROBIAL PESTICIDES

Ecological Testing Requirements Under Subpart M of the FIFRA Guidelines	Curt Hutchinson Wildlife International, Ltd.	65
Aquatic Hazard Assessment of Microbial Pest Control Agents	James P. Swigert, Ph.D. Analytical Bio-Chemistry Laboratories	67
Microbial Pest Control Agents: Toxicity Data Requirements for Registration	Suzan H. Woodhead, Ph.D. Ricerca, Inc.	78

COMMERCIAL FINANCING

Commercial Financing - An Overview	G. Steven Burrill Arthur Young	89
Venture Capital Financing of Agricultural Biotechnology	Christopher D. Earl, Ph.D. Plant Resources Venture Funds	92
Post-Crash Commercial Financing of Agricultural Biotechnology: Basic Principles	Lilian S. Stern AgriCapital Corporation	104
Attracting Biotech Financing	Daniel O. Wagster Calgene, Inc.	112
Two Case Histories: Commercial Financing	Raymond J. Moshy, Ph.D., D.Sc. Escagenetics Corporation	117

PATENTS

Biotechnology and the American Farmer	Howard Lyman National Farmers Union	120
Patents: Animals and Plants	Larry McKenzie American Farm Bureau Federation	124

Concerns of the Animal Welfare Community on Patenting Animals	Adele Douglass American Humane Association	128
GOVERNMENT RESEARCH FUNDING		
U.S. Investment in Biotechnology	Gary B. Ellis Kathi E. Hanna Office of Technology Assessment - U.S. Congress	132
Donor Agency Funding of Agriculture Biotech: A Survey and Comment	Raymond H. Dull Experience, Inc.	135
Public Support of Agricultural Research in Biotechnology	James E. Tavares National Research Council	143
What the Public Sector Should be Doing	William E. Marshall, Ph.D. Pioneer Hi-Bred International, Inc.	146
Research Funding Policies: The World Bank Role in Biotechnology for Developing Countries	Luther Val Giddings, Ph.D. The World Bank	160
Agricultural Biotechnology Research Funding at the State Agricultural Experiment Stations	Marie E. Walsh Office of Technology Assessment - U.S. Congress	164

PLANT MOLECULAR BIOLOGY

THE PRODUCTION OF TRANSGENIC CROPS - DICOTS

Development of Insect Resistant Cotton	Kenneth Barton Agracetus	168
Genetic Transformation and Foreign Gene Expression in Grapevine	Abhaya M. Dandekar University of California-Davis	172

THE PRODUCTION OF TRANSGENIC CROPS - MONOCOTS

The Production of Transgenic Monocot Crops	Indra K. Vasil University of Florida	186
Plant Regeneration from Protoplast Cultures of Elite Inbred Maize (ZEA MAYS L.).	Raymond D. Shillito CIBA-GEIGY Corporation	187
Transformation of Rice and Generation of Transgenic Rice Plants	Ray Wu Cornell University	190

BIOTECHNOLOGY, PLANT BREEDING AND CROP IMPROVEMENT

The Challenges and Prospects of Plant Biotechnology	Indra K. Vasil University of Florida	193
Current Status in the Application of RFLPs to Plant Improvement	Tim Helentjaris NPI	194
Cloning and Expression of Maize Nitrite Reductase	Laura Stein Privalle CIBA-GEIGY Biotechnology Research	195

CONTROLLING GENE EXPRESSION

Enhanced Expression/Efficacy of Transgenic Plants Which Express the "Bacillus Thuringiensis" Insect Control Proteins	Roy L. Fuchs Monsanto Company	209
Gene Expression in Plants	Luca Comai Calgene, Inc.	211

✓ PERSPECTIVES

✓ NITROGEN FIXATION

Nitrogen Fixing Plants and Biotechnology	Ethan R. Signer Massachusetts Institute of Technology	225
The Regulation of Symbiotic Nitrogen Fixation As Viewed from the Bacterial Partner	Daniel Kahn Institut National de la Recherche Agronomique	228
Exopolysaccharides in "Rhizobium" Nodulation	Graham C. Walker Massachusetts Institute of Technology	235
Potentials and Limitations of Improving Symbiotic Nitrogen Fixation	D.P.S. Verma The Ohio State Biotechnology Center	246

✓ THE INTERNATIONAL PICTURE

Biotechnology and Third World Agricultural Development	Peter A. Oram International Food Policy Research Institute	247
Agricultural Biotechnology and Development	Gary H. Toenniessen The Rockefeller Foundation	260
Adapting Biotechnology to Third World Countries: Maize Improvement	M.R. Sondahl DNA Plant Technology Corporation	265
The Role of Biotechnology in the Improvement of Cassava (<u>Manihot esculenta</u> Crantz)	W.M. Roca International Center of Tropical Agriculture	282

ANIMALS

MOLECULAR STRATEGIES FOR PRODUCTION ANIMAL IMPROVEMENT: TRANSGENES

Production of Transgenic Cattle by Pronuclear Injection	K.R. Bondioli Granada Genetics, Inc.	291
Expression of Human Genes in Transgenic Animals	Bruce Roberts Integrated Genetics	300
Production of Transgenic Swine	Carl A. Pinkert, Ph.D. Embryogen, Inc.	304
Antifreeze Polypeptides and Growth Hormone Gene Transfer in Fish	Choy L. Hew Hospital for Sick Children	308

MOLECULAR STRATEGIES FOR PRODUCTION ANIMAL IMPROVEMENTS: GENOME MAPPING

Mapping the Bovine Genome: Strategies and Status	James E. Womack Texas A&M University	317
Candidate Genes as Markers for Disease Resistance in Cattle	Loren C. Skow, Ph.D. Texas A&M University	322
Biotechnological Options in Animal Breeding	Jacques S. Beckmann Agricultural Research Organization	323

ANIMAL HEALTHCARE

Licensing and Marketing of a Recombinant Herpes Virus Vaccine	Janis McMillen, Ph.D. SyntroVet Incorporated	336
Immunization Against Babesia	Miodrag Ristic, DVM, Ph.D. University of Illinois	340

Immunity Required for Protection Against Infectious Diseases	G.L Ada Johns Hopkins School of Hygiene and Public Health	347
Use of Live Recombinant DNA Viruses as Vaccines	Charles W. Flexner, M.D. The Johns Hopkins University	349
Will Peptides be the Next Generation of Vaccines	Dr. F. Brown Wellcome Biotech	351

BIOPESTICIDES

BIOPESTICIDES

"Bacillus Thuringiensis": Utility	Frank Gaertner Mycogen Corporation	354
Potential for Insect Resistance to "Bacillus Thuringiensis"	David N. Ferro University of Massachusetts	362
Plants as Delivery Systems for Biopesticides	David A. Fischhoff Monsanto Company	373
Overview of Chemicals v. Biopesticides: Regulatory Regime [©]	W. Wayne Withers Monsanto Agricultural Company	377
