

# CONTENTS

Preface

iii

## 1 The Origin and Recovery of Petroleum

1

- 1 Historical Review
- 2 Origin of Petroleum
- 3 Petroleum Recovery
- 4 Petroleum Production
- 5 Transportation
- Bibliography

## 2 The Terminology and Classification of Petroleum

35

- 1 Nomenclature and Terminology
- 2 Classification
- Bibliography

## 3 The Composition of Petroleum

49

- 1 Ultimate Analysis
- 2 Chemical Composition
- Bibliography

## 4 The Evaluation of Petroleum

79

- 1 Physical Properties
- 2 Optical Properties
- 3 Thermal Properties
- 4 Electrical Properties
- 5 Miscellaneous Properties
- Bibliography

5	The Fractionation of Petroleum	115
1	Distillation	
2	Solvent Treatment	
3	Adsorption	
4	Chemical Methods	
5	Extraction	
	Bibliography	
6	The Identification of Petroleum Constituents	145
1	Gas-liquid Chromatography	
2	Structural Group Analysis	
	Bibliography	
7	The Asphaltic Constituents of Petroleum	189
1	The Chemical Structure of Petroleum Asphaltics	
2	The Physical Structure of Petroleum	
	Bibliography	
8	The Chemistry of Refinery Processes	253
1	Cracking Reactions	
2	Hydrogenation	
3	Isomerization	
4	Alkylation	
5	Polymerization	
	Bibliography	
9	Petroleum Refining - Distillation	277
1	Pretreatment of Petroleum	
2	Distillation Theory	
3	Early Processes	
4	Modern Processes	
5	Other Processes	
	Bibliography	

10	Petroleum Refining - Thermal Methods	301
	1 Feedstock Pretreatment - Deasphalting	
	2 Thermal Cracking	
	3 Catalytic Cracking	
	4 Visbreaking	
	5 Coking	
	6 Hydroprocessing	
	7 Thermal Reforming	
	8 Catalytic Reforming	
	9 Isomerization	
	10 Alkylation	
	11 Polymerization	
	12 Hydrogen Production	
	Bibliography	
11	Petroleum Refining - Treating Methods	377
	1 Caustic (lye) Treating	
	2 Acid Treating	
	3 Clay Treating	
	4 Oxidative Treating	
	5 Solvent Treating	
	6 Gas Treating	
	Bibliography	
12	Products from Petroleum	423
	1 Petroleum Products	
	2 Petroleum Chemicals (Petrochemicals)	
	Bibliography	
	Index	479
