

CONTENIDO

<i>Prólogo a toda la obra</i> , por Antonio R. Cabral	1
<i>Descripciones clínicas</i>	3
Manifestaciones viscerales del lupus eritematoso diseminado	43
Pleuro-pulmonary manifestations of systemic lupus erythematosus	131
Systemic lupus erythematosus with erythralgia	151
Case report: Erythralgia in systemic lupus erythematosus	161
Systemic lupus erythematosus following thymectomy for myasthenia gravis	167
Electron microscopy of the lupus erythematosus cell	179
Chronic hepatic disease in women with lupus erythematosus cell phenomenon	185
Significance of the lupus erythematosus cell phenomenon in older women with chronic hepatic disease	187
Peripheral vascular syndrome associated with systemic lupus erythematosus	207
Antiphospholipid antibodies and the antiphospholipid syndrome in systemic lupus erythematosus. A prospective analysis of 500 consecutive patients	233

Preliminary classification criteria for the antiphospholipid syndrome within systemic lupus erythematosus	271
Brief recording. Ulceration and perforation of the nasal septum in systemic lupus erythematosus	295
Systemic lupus erythematosus presenting as panniculitis (lupus profunds)	299
Retinal microangiopathy in systemic lupus erythematosus	309
Gross splenomegaly in SLE	317
Esophageal motility in systemic lupus erythematosus	321
Sjögren's syndrome in systemic lupus erythematosus. Clinical and subclinical manifestations	331
Development of Sicca symptoms in systemic lupus erythematosus patients with existing subclinical abnormalities of lacrimal and/or salivary glands	347
Systemic lupus erythematosus and Klinefelter's syndrome	351
Normotensive hyperreninemia in systemic lupus erythematosus. An indicator of tubular dysfunction	355
Case report. Salmonella pericarditis with tamponade in systemic lupus erythematosus	375
Unrelated patients with discoid lupus erythematosus (DLE) and systemic lupus erythematosus (SLE) share the major histocompatibility complex (MHC) markers. Report of two mexican families	383

Lupus hair	391
Hemolytic anemia and thrombocytopenic purpura. Two related subsets of systemic lupus erythematosus	395
Lupus subsets. Relationship to genetic and environmental factors	409
Systemic lupus erythematosus. Differences between patients who do, and who do not, fulfill classification criteria at the time of diagnosis	427
Receptor and non-receptor-bearing lymphocytes in untreated systemic lupus erythematosus. Variations with disease activity	441
T-lymphocyte subpopulation in untreated SLE. Variations with disease activity	465
Lymphopenia in systemic lupus erythematosus. Clinical, diagnostic and prognostic significance	475
Splenectomy for hemocytopenia in systemic lupus erythematosus	497
<i>Índice de nombres</i>	511
