1 Inorganic Nanoparticles: Synthesis, Applications, and Perspectives—An Overview 1
Claudia Altavilla and Enrico Ciliberto

2 Inorganic Nanoparticles for the Conservation of Works of Art 17
Piero Baglioni and Rodorico Giorgi

3 Magnetic Nanoparticle for Information Storage Applications..... 33
Natalie A. Frey and Shouheng Sun

4 Inorganic Nanoparticles Gas Sensors 69
B.R. Mehta, V.N. Singh, and Manika Khanuja

5 Light-Emitting Devices Based on Direct Band Gap Semiconductor Nanoparticles..... 109
Ekaterina Neshataeva, Tilmar Kümmell, and Gerd Bacher

6 Formation of Nanosized Aluminum and Its Applications in Condensed Phase Reactions..... 133
Jan A. Puszynski and Lori J. Groven

7 Nanoparticles for Fuel Cell Applications 159
Jin Luo, Bin Fang, Bridgid N. Wanjala, Peter N. Njoki, Rameshwori Loukrakpam, Jun Yin, Derrick Mott, Stephanie Lim, and Chuan-Jian Zhong

8 Inorganic Nanoparticles for Photovoltaic Applications 185
Elif Arici

9 Inorganic Nanoparticles and Rechargeable Batteries 213
Doron Aurbach and Ortal Haik

10 Quantum Dots Designed for Biomedical Applications 257
Andrea Ragusa, Antonella Zacheo, Alessandra Aloisi, and Teresa Pellegrino

11 Magnetic Nanoparticles for Drug Delivery 313
Claudia Altavilla

12 Nanoparticle Thermotherapy: A New Approach in Cancer Therapy 343
Joerg Lehmann and Brita Lehmann

13 Inorganic Particles against Reactive Oxygen Species for Sun Protective Products	355
<i>Wilson A. Lee and Miriam Raifailovich</i>	
14 Innovative Inorganic Nanoparticles with Antibacterial Properties Attached to Textiles by Sonochemistry	367
<i>Nina Perkas, Aharon Gedanken, Eva Wehrsuetz-Sigl, Georg M. Guebitz, Ilana Perelshtein, and Guy Applerot</i>	
15 Inorganic Nanoparticles for Environmental Remediation	393
<i>Thomas B. Scott</i>	
16 Inorganic Nanotubes and Fullerene-Like Structures—From Synthesis to Applications	441
<i>Maya Bar-Sadan and Reshef Tenne</i>	
17 Inorganic Nanoparticles for Catalysis	475
<i>Naoki Toshima</i>	
18 Nanocatalysts: A New “Dimension” for Nanoparticles?	511
<i>Paolo Ciambelli, Diana Sannino, and Maria Sarno</i>	
Index	547
