Prologue: Some Thoughts on the History of the Evolutionary Synthesis

Ernst Mayr

1

Part One

Different Biological Disciplines and the Synthesis

1 GENETICS

Introduction

William B. Provine

51

Theoretical Population Genetics in the Evolutionary Synthesis

Richard C. Lewontin

58

2 CYTOLOGY

Introduction

William B. Provine

69

The Evolution of Genetic Systems:

Contributions of Cytology to Evolutionary Theory

C. D. Darlington

70

Cytology in the T. H. Morgan School

Alexander Weinstein

80

Cytogenetics and the Neo-Darwinian Synthesis

Hampton L. Carson

86

3 EMBRYOLOGY

Introduction

William B. Provine

96

Embryology and the Modern Synthesis in Evolutionary Theory

Viktor Hamburger

97

The Modern Evolutionary Synthesis and the Biogenetic Law

Frederick B. Churchill

112

4 SYSTEMATICS

- The Role of Systematics in the Evolutionary Synthesis 123
Ernst Mayr

5 BOTANY

- Introduction 137
Ernst Mayr
- Botany and the Synthetic Theory of Evolution 139
G. Ledyard Stebbins

6 PALEONTOLOGY

- Introduction 153
Ernst Mayr
- G. G. Simpson, Paleontology, and the Modern Synthesis 153
Stephen Jay Gould

7 MORPHOLOGY

- Introduction 173
Ernst Mayr
- Morphology in the Evolutionary Synthesis 174
William Coleman
- The Failure of Morphology to Assimilate Darwinism 180
Michael T. Ghiselin
- Severtsov and Schmalhausen:
 Russian Morphology and the Evolutionary Synthesis 193
Mark B. Adams

Part Two

The Synthesis in Different Countries

8 SOVIET UNION

- The Birth of the Genetic Theory of Evolution in the
 Soviet Union in the 1920s 229
Theodosius Dobzhansky
- Sergei Chetverikov, the Kol'tsov Institute,
 and the Evolutionary Synthesis 242
Mark B. Adams

9 GERMANY

- Introduction 279
Ernst Mayr
- Historical Development of the Present Synthetic
 Neo-Darwinism in Germany 284
Bernhard Rensch
- Evolutionary Theory in Germany: A Comment 303
Viktor Hamburger

10 FRANCE

- Introduction 309
Ernst Mayr
- Evolutionary Biology in France at the Time
 of the Evolutionary Synthesis 309
Ernest Boesiger
- The Arrival of Neo-Darwinism in France 321
Ernst Mayr
- A Second Glance at Evolutionary Biology in France 322
Camille Limoges

11 ENGLAND

- Introduction 329
William B. Provine
- Some Recollections Pertaining to the Evolutionary Synthesis 334
E. B. Ford
- Lamarckism in Britain and the United States 343
Richard W. Burkhardt, Jr.
- A Note on W. L. Tower's *Leptinotarsa* Work 352
Alexander Weinstein

12 UNITED STATES

- Introduction 354
William B. Provine
- The Evolutionary Synthesis:
 Morgan and Natural Selection Revisited 356
Garland E. Allen

Hypotheses That Blur and Grow

Hampton L. Carson

383

Part Three

Final Considerations

13 INTERPRETIVE ISSUES IN THE
EVOLUTIONARY SYNTHESIS

Introduction

William B. Provine

387

The Meaning of the Evolutionary Synthesis

Dudley Shapere

388

14 EPILOGUE

William B. Provine

399

BIOGRAPHICAL ESSAYS

How I Became a Darwinian

Ernst Mayr

413

Curt Stern

Ernst Mayr

424

J. B. S. Haldane, R. A. Fisher, and William Bateson

C. D. Darlington

430

Morgan and the Theory of Natural Selection

Alexander Weinstein

432

Morgan and His School in the 1930s

Theodosius Dobzhansky

445

G. G. Simpson

Ernst Mayr
