## Contents

Preface: Ecosystem Analogs of Anatomy and Physiology
Walter G. Whitford 1

1 Primary Production Variability in Desert Ecosystems
John A. Ludwig 5

2 Adaptative Strategies of Desert Shrubs with Special Reference to the Creosotebush
James F. Reynolds 19

3 The Roles of Vertebrates in Desert Ecosystems
James H. Brown 51

4 The Role of Invertebrates in Desert Ecosystems
Clifford S. Crawford 73

5 Decomposition and Nutrient Cycling in Deserts
Walter G. Whitford 93

6 Structures and Dynamics of Desert Streams
Stuart G. Fisher 119
